

Temporary Traffic & Event Management Specialists

Client:

Project:

Contract Value: Approx. £300,000.00

Scope of Works

Stretching from the London borough of Newham in to the heart of the City of Westminster, The London Triathlon is an iconic route which caters for over 13,000 competitors.

RTS have provided Event Management for the largest triathlon in the world for over 6 years cementing vital relationships along the way.

It goes without saying that for high profile jobs such as this our work must be carried out to an impeccable standard - this is where RTS really excel.

As well as implementing the closures on the morning of the event, RTS carry out numerous responsibilities prior including the production of Event Management Plans and the installation of 350+ street furniture mounted Advance Warning Signs.

RTS leave the client safe in the knowledge that their event, no matter how complex, will be executed to an un-rivalled magnitude.

The London Triathlon 2015 will take place on Saturday 8th and Sunday 9th August.
